SUPPLIER ATTESTATION

I, **Jane Supplier**, **Commercial Manager**, declare for and on behalf of **Example Manufacturer Pty Ltd** that I am authorised to submit this supplier-declared local content statement and that the supplier is responsible for the accuracy, completeness and currency of the information provided.

All percentages are total-cost-based values. A 90% local content value means 90% of the product or service cost, excluding GST, is attributed to Australian local content. The declared Australian local content percentage is the supplier-declared percentage of the product or service cost, excluding GST, that is attributable to Australian value-added activity. It is not calculated by weight, volume, quantity, item count or labour hours unless specifically stated.

Australian value-added activity may include Australian manufactured components, labour, assembly, design or engineering, testing or certification, freight, transport and warehousing, packaging, directly linked overheads, and margin/admin only if declared and not excessive.

The supplier acknowledges that contractors, estimators, tender teams, consultants and other third parties may rely on this supplier-declared statement when considering the product for procurement, tender or reporting purposes. The supplier must update, replace or withdraw this statement if the declared information is no longer accurate, complete or current.

By signing this statement, the supplier confirms that the declared percentages and supporting information have been supplied by the supplier and may be published by West-Edge as supplier-declared information. I acknowledge that West-Edge has not independently audited or assessed the declared local content percentages.

SIGNATURE AND VERIFICATION

This statement may be signed using a supplier representative signature, supplier-authorised initials, or a supplier-authorised electronic or typed signature process appropriate for the supplier's business. The signed copy may be made publicly available on the West-Edge register, so do not use a handwritten wet signature if publishing that signature is a concern.

When uploading the signed copy, enter the statement code printed on this page. Scan or click the QR code to check the West-Edge listing status and current subscription status. On the verification page, upload a PDF copy if you want West-Edge to check whether the important statement details appear current.

Supplier representative signature, supplier-authorised initials, or supplier-authorised electronic/typed signature

SUPPLIER-DECLARED CLARIFICATION

West-Edge provides a public register and document hosting service for supplier-declared local content statements. The supplier is solely responsible for the accuracy, completeness and currency of the information provided. West-Edge does not independently audit, verify, certify or approve the declared local content percentage.
